

# Northern Pike Spearing Regulations

Authorized by Tribal Resolution (55-07)

1. Northern pike may only be speared from the following streams:  
**(See attached map)**
  - a. Sandy Creek (Little Rock)
  - b. Pike Creek (Red Lake)
  - c. Mud Creek (Redby)
  - d. Sucker Creek and stream just west of Sucker Creek (Ponemah)
  - e. Red Lake River below the Red Lake Dam
2. The annual season shall be from April 1<sup>st</sup> to April 30<sup>th</sup>, between 5:00 pm and 10:00 pm daily.
3. Red Lake Band members, over the age of 60, may spear northern pike at anytime during the spearing season.
4. Only northern pike may be taken under these regulations, however, rough fish (suckers, redhorse, and sheepshead) may be speared from the creeks and rivers of the Red Lake Reservation per Tribal Council Resolution No. 82-84.
5. There shall be a limit of 5 northern pike per person per day. There shall be a limit of 10 northern pike per vehicle per day (in instances where there are multiple parties sharing one vehicle). These limits shall also apply to northern pike taken from the Red Lake River west of the dam during the month of April.
6. Once a limit of 5 northern pike is achieved, fishing shall cease. The discarding of unwanted fish “wanton waste” is prohibited by the Red Lake Game and Fish Code.
7. Only enrolled members of the Red Lake Band of Chippewa Indians may take fish, for personal use, under these regulations.
8. Children under the age of 16 must be accompanied by an adult to engage in any spearing activity.
